To,
The Head Of The Department, Economics
Satyawati College

13 March 2020

Subject: M.Sc. (Economics) poster for notice boards

Dear Sir/Madam,

Greetings from Indian Institute of Technology Delhi!

We take this opportunity to introduce you to a new two-year full-time programme, M.Sc. in Economics that the Indian Institute of Technology Delhi is launching from July 2020.

The programme is designed for students with a bachelor's degree in any discipline with knowledge in mathematics. The programme aims to impart advanced training in economics with a focus on quantitative skills. It has a strong research component and includes a two-semester long project. As the programme is embedded in the IIT research ecosystem, the students have an exciting opportunity to choose fields of specialisation in core economics and emerging areas at the intersection of economics with other science and engineering disciplines. For more details, please visit <http://hss.iitd.ac.in>.

I am enclosing a few posters for the programme that can be displayed and circulated in different departments in your college/university. We request you to place the posters on your notice boards.

Thank you very much for your support.

With warm regards,

(Prof. Purnima Singh)
